INTRODUCTION +

WHAT PERSONAL DATA DO WE COLLECT AND WHY? -

With regard to each of your visits to the Site, BITS CONSULTING LLC will automatically collect the following Personal Data:

- Technical information, including the Internet Protocol (IP) address used to connect your computer to the Internet, login information, browser type and version, time zone setting, browser plug-in types and versions, operating system and platform;

- Information about your visit to the Site, including the full Uniform Resource Locator (URL) URLs to, through and from websites (including date and time); the products you viewed or searched for; page response times, load errors, length of time you visited certain pages, information about page interactions (such as scrolling, clicking and hovering) and methods used to move from page.

We collect this information to improve our Site, fulfill our administrative purposes and protect our business interests.

In addition, we collect your contact information, such as your email address, through the communication channels available on the Help web page. We collect this information to provide you with appropriate responses to your questions or comments.

If you register as a User, we may receive the following Personal Information from you:

- Password. This is a contractual requirement. Without a password you will not be able to create your personal account in our online system, as the data must be protected;

- Nick. This is a contractual requirement. We collect this information for the purpose of identifying a particular User.

- Email Address. This is a contractual requirement, we need the email address to identify the User registered on the Site for his further authorization, order placement and other actions on the Site, to provide the User access to the personalized data of the Site. Required for confirmations and sending messages. Without email, you will not receive a confirmation. We also use it to communicate with you;

- Phone number. We collect this information to implement two-factor authorization to protect your personal account.

In addition, when you communicate with us through support, we collect your contact information, such as your email address. We collect this information to provide you with appropriate responses to

your questions or comments.

We may collect other types of Personal Data only in exceptional cases. If we need to process additional types of Personal Data about you, we will make sure that you are informed about the processing of your Personal Data and that there is a legal basis for doing so (such as your consent).

If you object to the use of your Personal Data for any of the purposes mentioned above, please contact us. Although your decision to provide your Personal Information to BITS CONSULTING LLC is generally voluntary, if you do not provide certain information, BITS CONSULTING LLC may not be able to fulfill some of the purposes set forth in this Privacy Policy. For example, we may not be able to implement two-factor authorization to protect your Personal Account without knowing your phone number.
